Revised September 2018

Note: Terms in **bold** are defined in the glossary.

Footnotes

- ¹ The property must first properly qualify as agricultural. (See M.S. 273.13, subdivision 23.)
- ² If the entire property including the HGA is leased, the property must meet the requirements of M.S. 273.124, subdivision 8(c) to qualify as an owner occupied ag homestead.
- ³ In some cases, the Farm Service Agency number may be in an authorized entity's name when the person actively farming is doing so on behalf of the authorized entity.
- ⁴ If the owner or the owner's spouse (or grantor or grantor's spouse) is required by their employer to live in employer-provided housing, the owner or owner's spouse, whomever is actively farming the agricultural property, may live more than four townships or cities, or combination of four townships or cities from the agricultural property.
- ⁵ If the entire property including the HGA is leased, the property must qualify under M.S. 273.124, subdivision 21, clause (3) to qualify as an owner occupied ag homestead.
- ⁶ If the grantor is deceased, the property may still qualify for homestead to the benefit of the trust. The active farmer must sign the application, attesting that the requirements are factually met, but the homestead is given to the land owned by the trust.
- ⁷ The ag property is at least 40 acres, including undivided government lots and correctional 40's.
